

Noman Shah

Highly skilled Web Developer with three years of experience delivering exceptional website and online marketing services. Proficient in devising and implementing effective digital strategies to enhance brand visibility, drive website traffic, and generate leads. Committed to staying updated with the latest industry trends and technologies. Currently in the learning phase as a blockchain developer, seeking opportunities to leverage blockchain technology to revolutionize digital marketing practices.

Work Experience

Full Stack Developer

- **as Freelancer**
- **2024**
- Full Stack Developer with a strong focus on the MERN (MongoDB, Express.js, React.js, Node.js) technology stack. With a proven track record in designing, developing, and maintaining robust web applications, I bring a comprehensive skill set to every project. My goal is to deliver high-quality, scalable, and user-friendly web solutions.

Web Developer

- **MJ Associates**
- **2022 - 2024**
- Develop and maintain websites using Mern Technologies, WordPress, and Shopify, integrating SEO strategies and responsive design. Implement online marketing campaigns for business brands, optimizing content, managing social media platforms, and driving traffic through various channels.

Customer Care

- **2021 - 2022**
- **PTCL Pakistan**
- Handle technical queries for Pakistan Telecommunication Company Limited (PTCL). Provide exceptional customer service, troubleshoot and resolve technical issues, and ensure customer satisfaction. Efficiently manage customer inquiries through various channels while maintaining a high level of professionalism and accuracy.
